4 DPPs’ joint Application for Attorneys’ Fees and Expenses and Incentive Awards (“Fees and  
5 Expense Application”) in connection with the services rendered in this litigation. I make this  
6 declaration based on my personal knowledge and if called as a witness, I could and would  
7 competently testify to the matters stated herein.

8 2. My firm has served as counsel to Class Representative Plaintiff Wettstein and Sons,

11 summarized in the curriculum vitae attached hereto as Exhibit A.

12 3. Heins Mills & Olson, P.L.C. has prosecuted this litigation solely on a contingent-fee  
13 basis, and has been at risk that it would not receive any compensation for prosecuting claims  
14 against the defendants. While Heins Mills & Olson, P.L.C. devoted its time and resources to this  
15 matter, it has foregone other legal work for which it would seek compensation.

16 4. During the pendency of the litigation, Heins Mills & Olson, P.L.C. acted as counsel  
17 to Class Representative Plaintiff Wettstein’s and performed the following work: Coordinated  
18 Plaintiff Wettstein’s participation in the litigation against Mitsubishi Electric and Thomson

27 Plaintiff Wettstein’s documents for relevance, privilege, and confidentiality; coordinated and  
28 prepared the production of Wettstein’s documents to Defendants; reviewed Wettstein’s previous

1 productions to identify any documents related to Mitsubishi and Thomson; prepared for the  
2 deposition of Plaintiff Wettstein's designated deponent pursuant to Fed. R. Civ. P. 30(b)(6);  
3 participated with co-counsel in preparing Wettstein's designated deponent for his deposition;  
4 attended the deposition of Wettstein's designated deponent; followed up on matters related to  
5 Wettstein's completed deposition.

6 5. Attached hereto as **Exhibit B** is my firm's total hours and lodestar, computed at  
7 historical rates, from the inception of DPPs' case against the Mitsubishi Electric Defendants and  
8 the Thomson Defendants (Case No. 14-CV-2058-JST, filed May 5, 2014) through October 31,  
9 2016. The total number of hours spent by Heins Mills & Olson, P.L.C. during this period of time  
10 was 91.75 hours, with a corresponding lodestar of \$41,475.00. This summary was prepared from  
11 contemporaneous, daily time records regularly prepared and maintained by Heins Mills & Olson,  
12 P.L.C. The lodestar amount reflected in Exhibit B is for work assigned by Lead Counsel, and was  
13 performed by professional staff at my law firm for the benefit of the DPP Class. None of these  
14 hours were included in connection with DPPs' first fee and expense application (ECF No. 4055).

15 6. The hourly rates for the attorneys and professional support staff in my firm included  
16 in Exhibit B are the usual and customary hourly rates charged by Heins Mills & Olson, P.L.C.

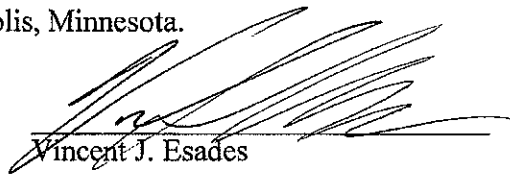

17 7. Heins Mills & Olson, P.L.C. has expended a total of \$679.39 in unreimbursed costs  
18 and expenses in connection with the prosecution of DPPs' case against the Mitsubishi Electric  
19 Defendants and the Thomson Defendants. These costs and expenses are broken down in the chart  
20 attached hereto as **Exhibit C**. They were incurred on behalf of DPPs by Heins Mills & Olson,  
21 P.L.C. on a contingent basis and have not been reimbursed. The expenses incurred in this action are  
22 reflected on the books and records of my firm. These books and records are prepared from expense  
23 vouchers, check records and other source materials and represent an accurate recordation of the

27 this case which are included in this declaration, and I affirm that they are true and accurate.

EXHIBIT A

Heins Mills & Olson, p.l.c.

### **Firm Résumé**

The law firm of Heins Mills & Olson, P.L.C., located in Minneapolis, is a premier advocate for businesses, consumers and investors in the nation's courts. We focus our practice on complex litigation, an arena in which the firm has distinguished itself as one of the preeminent firms in the United States representing national classes of businesses, shareholders and consumers in a wide range of industries to prosecute in actions alleging antitrust violations, securities fraud, deceptive trade practices and consumer fraud. We have concentrated our efforts in the area of antitrust to redress harm suffered to classes victimized by price-fixing, supply limitation, monopolization, market allocation and other anticompetitive conduct. Our team of lawyers collectively has many decades of experience in complex litigation and has successfully handled hundreds of class actions, primarily in a leadership role, including cases tried to verdict.

### **Antitrust**

In the arena of antitrust litigation, Heins Mills has served as lead or co-lead counsel in dozens of cases representing plaintiff classes alleging price fixing, vertical trade restraints, monopolization and other anticompetitive conduct in diverse markets. We are currently serving as class counsel in antitrust cases venued in state and federal courts throughout the United States. Although our role varies, our contributions are always valuable. In some cases we serve in a court-appointed leadership capacity; in others we contribute as members of a court-approved executive committee or in a supportive role for the lead law firms.

### ***Current Leadership Roles***

The firm's most recent achievements in antitrust litigation have burnished our sterling reputation among judges, clients and peers as an aggressive and skillful advocate for our clients and for competitive markets.

We are currently serving in a leadership role in the following cases:

- ***Glaberson v. Comcast Corp., No.03-CV-6604 (E.D. Pa.)***. Heins Mills serves as co-lead counsel in this action alleging on behalf of a class of customers that Comcast, the largest cable TV company in the world, monopolized the cable TV market in their area and restrained trade by dividing markets and customers through swaps and acquisitions with its competitors and other anticompetitive conduct that suppressed competition, causing inflated prices. After more than eleven years, including trips to the Third Circuit and Supreme Court, we achieved

a settlement valued at \$50 million, which is now being distributed to the class members under our supervision. In approving the settlement, the court remarked, “We find that [the] skill, efficiency, expertise and professionalism of all counsel involved in this litigation have been exemplary.”

- ***In re Lidoderm Antitrust Litig., MDL No. 2521 (N.D. Cal.)***. We serve as interim co-lead counsel for a class of end-payors who allege that defendants engaged in an anticompetitive scheme to illegally delay entry of less expensive generic versions of Lidoderm patch 5%, an analgesic patch containing lidocaine. After largely denying the defendants’ motion to dismiss the claims, the court on February 21, 2017 granted the end-payor plaintiffs’ motion for class certification.
- ***In re Aggrenox Antitrust Litig., MDL No. 2516 (SRU) (D. Conn.)***. Heins Mills is interim co-lead counsel for a proposed nationwide class of end-payors who allege that in order to delay generic competition with Aggrenox, a branded prescription drug to treat certain stroke patients, the patent owner conspired with another drug company, which had sought FDA approval for a generic form of Aggrenox. The district court denied the defendants’ motion to dismiss in large part, finding that the complaint properly pleads a reverse payment antitrust claim under the Supreme Court decision in *FTC v. Actavis, Inc.* The Second Circuit denied the defendants’ request for an interlocutory appeal of that decision and the parties are now engaged in discovery.
- ***In Re Lipitor Antitrust Litig., MDL No. 2332 (D.N.J.)***. We continue to serve as co-lead counsel for the proposed end-payor class (consumers and health

plan sponsors) in this multidistrict antitrust case alleging that certain drug manufacturers violated state antitrust and consumer laws by engaging in anticompetitive conduct to delay the entry of a generic version of the blockbuster drug Lipitor, resulting in significant overcharges to plaintiffs. On September 27, 2016, the Third Circuit heard oral argument of our appeal of the district court's decision to grant the defendants' motions to dismiss. We are awaiting the court's decision.

- ***In re Suboxone (Buprenorphine Hydrochloride and Naloxone) Antitrust Litig., MDL No. 2445 (E.D. Pa.)***. We serve as a member of the court-appointed executive committee representing the proposed end-payor class, which alleges that a brand drug manufacturer used anticompetitive practices to improperly maintain its monopoly in the market for Suboxone, a drug used for treatment of heroin addiction. The court largely denied the defendants' motion to dismiss the complaint, which has since been amended to further support the plaintiffs' claims. The parties are now engaged in contentious discovery that has spawned significant motion practice.
- ***In re Niaspan Antitrust Litig., MDL No. 2460 (E.D. Pa.)***. We also serve on the executive committee for this proposed end-payor class alleging that the defendants entered into unlawful pay-for-delay agreements relating to the brand-name prescription drug Niaspan, the only extended-release version of niacin approved for once-a-day treatment of mixed lipid disorders. Plaintiffs assert that the brand manufacturer agreed to pay substantial sums to the generic company

to stay out of the market for a period of over eight years. The defendants' motion to dismiss was denied and class counsel have since engaged in extensive discovery.

- ***Fond du Lac Bumper Exchange, Inc., et al. v. Jui Li Enterprise Co., et al. (Aftermarket Sheet Metal Antitrust Litig.), Case No. 2:09-cv-00852 (E.D. Wis.)***. We serve as lead counsel for a class of direct purchasers who allege that manufacturers of aftermarket automotive sheet metal parts conspired to fix the prices and output of their products. After previously approving settlements with four defendants totaling \$25 million, the court on June 24, 2016, granted class counsel's motion to certify the class of direct purchasers for litigation against the remaining defendants. Certification followed class counsel's successful defense against the defendants' motion to exclude testimony by expert witnesses on behalf of the class. On the road to certification, the Seventh Circuit on January 14, 2016, denied a petition for a writ of mandamus that would have removed the presiding judge from the case. Class counsel are now preparing for trial against the remaining defendants.

### ***Past Leadership Roles***

- ***In re Puerto Rican Cabotage Antitrust Litig., MDL No. 1960 (D.P.R.)***. We served as co-lead counsel in this litigation alleging price-fixing by Jones Act shipping companies for ocean shipping services between the United States and Puerto Rico.

- ***In re Aftermarket Filters Antitrust Litig., MDL No. 1957 (N.D. Ill.)***. We were one of three firms serving as co-lead counsel in this action alleging antitrust, consumer protection and unfair competition claims against leading manufacturers of replacement vehicle filters on behalf of indirect purchasers from multiple states. Settlements with all defendants were reached and received final approval.
- ***In re Polyester Staple Antitrust Litig., MDL No. 1516 (W.D.N.C.)***. We served as co-lead counsel and co-lead trial counsel in, a class action on behalf of business purchasers alleging price fixing of polyester staple fiber. The case was settled on the eve of trial, bringing the total recovery from all defendants to \$63 million—an amount exceeding single damages suffered by the class.
- ***In re High Pressure Laminates Antitrust Litig., MDL No. 1368 (S.D.N.Y.)***. We served as co-lead counsel and co-lead trial counsel in this price-fixing case which we tried to verdict on behalf of businesses that purchased high-pressure laminates. We ultimately recovered \$40.5 million in settlement payments from several of the defendant manufacturers.
- ***In re Monosodium Glutamate Antitrust Litig., MDL No. 1328 (D. Minn.)***. We were one of two lead counsel firms representing a class of business purchasers of food additives. We negotiated settlements with the defendants totaling \$123.4 million—an amount exceeding the single damages suffered by the class.

- ***In re Bulk Graphite Antitrust Litig., Case No. 02-cv-06030 (D.N.J.).***

As co-lead counsel representing a nationwide class of business purchasers alleging price-fixing claims against manufacturers of bulk graphite, we reached a settlement exceeding the amount of single damages sustained by the class.

- ***In re Travel Agency Commission Antitrust Litig., MDL No. 1058 (D.***

***Minn.)***. We served as lead trial counsel for a class of travel agents alleging that major domestic airlines conspired to fix agent commissions. The claims were settled on the eve of trial for a total of \$86 million.

### ***Other Litigation Roles***

We have also made important contributions as co-counsel in non-leadership roles. Representative examples include the following antitrust cases:

- ***In re NCAA Student-Athlete Name & Likeness Licensing Litig., Case***

***No. 4:09-cv-1967 (N.D. Cal.)***. We have been extensively involved in prosecuting this class action brought on behalf of current and former U.S. collegiate student-athletes alleging that they should receive a share of the revenue generated from use of their likenesses (e.g., use of their image as a video game avatar). The court certified the class for injunctive relief and in August 2014, after a trial in which we were integrally involved, found that the NCAA's rules prohibiting compensation for likeness use is an antitrust violation. In a landmark decision, the court issued a permanent injunction against these rules. Before this result, in September 2013, a \$40 million settlement was reached with the two

other defendants, Electronic Arts Inc. and Collegiate License Company. Class counsel are now defending the NCAA's appeal to the U.S. Court of Appeals for the Ninth Circuit of a March 31, 2016 award of more than \$42 million in attorney fees and litigation costs as the prevailing party in the lawsuit.

- ***In re American Express Anti-Steering Rules Antitrust Litig., 11 MD 2221 (E.D.N.Y.)***. Vince Esades is one of three members of the executive committee appointed as part of the new leadership structure in this nationwide class action challenging American Express rules that prevent merchants from providing consumers with incentives to use forms of payment that are less expensive than American Express branded payment cards.
- ***In re ACTOS End-Payor Antitrust Litig., Case No. 13-cv-09244 (S.D.N.Y.)***. We represent health and welfare fund plaintiffs and a proposed end-payor class of purchasers in this antitrust action alleging that the defendants took anticompetitive steps to delay entry of lower-priced versions of prescription drugs, resulting in price overcharges to plaintiffs and the proposed class. On February 8, 2017, the Second Circuit reversed in part the district court's dismissal of the complaint, holding that the plaintiffs plausibly alleged that the defendants delayed Teva's market entry in violation of the antitrust laws.
- ***In re Publication Paper Antitrust Litig., MDL No. 1631 (D. Conn.)***. We are a member of the Class Counsel Executive Committee leading this nationwide antitrust action alleging an unlawful conspiracy by manufacturers to fix the price of publication paper.

- ***In re Aluminum Warehousing Antitrust Litig., MDL No. 2481 (S.D.N.Y.)***. We were appointed to the Plaintiffs' Steering Committee in this class action alleging a conspiracy to inflate aluminum prices and restrain aluminum supplies. Defendants' motion to dismiss is pending.
- ***In re Cathode Ray Tube (CRT) Antitrust Litig., MDL No. 1917 (N.D. Cal.)***. We are one of the law firms representing a national class of direct purchasers of CRTs alleging that the manufacturers operated a global cartel that set artificially high prices for televisions and monitors containing CRTs. The court has granted final approval of settlements totaling \$139 million.
- ***In re Polyurethane Foam Antitrust Litig., MDL No. 2196 (W.D. Ohio)***. On July 29, 2016, the court approved an \$835 million settlement with Dow Chemical, bringing the total recovery so far to \$974 million.
- ***In re Processed Egg Products Antitrust Litig., MDL No. 2002 (E.D. Pa.)***. On June 30, 2016, the court approved settlements with Hillendale (in the amount of \$3,000,000), NuCal Foods (\$1,425,000), National Food (\$1,000,000), Midwest Poultry Services (\$2,500,000) and United Egg Producers and United States Egg Marketers (\$500,000 each). More recently, on December 8, the plaintiffs reached a settlement with Michael Foods for \$75 million. If approved, the aggregate recovery for the class will exceed \$136 million.
- ***In re Municipal Derivatives Antitrust Litig., MDL No. 1950 (S.D.N.Y.)***. On July 8, 2016, the court granted final approval of settlements with the remaining defendants (UBS AG, Societe Generale, Nataxis, Piper Jaffray,

National Westminster Bank and George K. Baun & Co.) totaling nearly \$101 million. These settlements bring the aggregate recovery to more than \$225 million.

- ***In re Prograf Antitrust Litig., MDL No. 2242 (D. Mass.)***. The indirect purchasers' \$13.25 million settlement with Astellas was approved on November 2, 2016.
- ***In re Titanium Dioxide Antitrust Litig., Case No. 10-cv-00318 (D. Md.)***. The Court has granted final approval to settlements totaling \$163.5 million in this action alleging that manufacturers of titanium dioxide conspired to fix prices for the products. Our client is one of the named plaintiffs.
- ***In re Plasma-Derivative Protein Therapies Antitrust Litig., MDL No. 2109 (N.D. Ill.)***. Our client was one of three named plaintiffs alleging that producers of immunoglobulin and albumin restricted the supply of these products to inflate their prices. The court granted final approval of settlements totaling \$128 million.
- ***In re Municipal Derivatives Antitrust Litig., MDL No. 1950 (S.D.N.Y.)***. The court has granted final approval of settlements totaling more than \$126 million in this class action alleging bid rigging and other anticompetitive conduct in the municipal derivatives industry by providers and brokers of municipal derivatives sold in the United States. We represent the Puerto Rico Electric Power Authority (PREPA), one of the named plaintiffs.

- ***Refrigerant Compressors Antitrust Litig., Case No. 09-md-02042***

**(E.D. Mich.)**. Our client and other named plaintiffs in this action alleged that the defendants conspired to fix prices of refrigerant compressors. The court granted final approval of settlements totaling approximately \$30 million.

### **Securities Fraud**

Heins Mills is a leading advocate for individual and institutional investors. As sole lead counsel, we achieved two of the largest recoveries in the history of securities fraud class action litigation:

- On behalf of AOL and Time Warner shareholders, we achieved a settlement of \$2.65 billion in ***In re AOL Time Warner, Inc. Securities Litigation, MDL No. 1500 (S.D.N.Y.)***. Of that amount, \$2.4 billion was paid by media giant Time Warner and \$100 million was paid by its financial auditor, Ernst & Young. The Department of Justice also contributed \$150 million from a settlement it reached with Time Warner in a related enforcement action.
- In ***In re Broadcom Corp. Securities Litigation, Case No. 01-cv-275 (C.D. Cal.)***, we recovered \$150 million for a class of investors in Broadcom, one of the leading providers of microprocessors enabling broadband communications.

The firm has also played leadership roles in a variety of other securities fraud class litigation. As lead counsel for class investors in ***In re Mercury Finance Company Securities Litigation (N.D. Ill.)***, for example, we negotiated a

settlement with Mercury's auditing firm for \$40.5 million, then one of the largest amounts ever recovered from an accounting firm for violations of the securities laws. In addition, we recovered more than \$15 million in total from Mercury's officers and directors, and from Mercury itself, even though the company was in bankruptcy.

We served as liaison counsel in ***Första AP-fonden v. St. Jude Medical, Inc., 0:12-cv-03070 (D. Minn.)***, a securities fraud class action alleging on behalf of purchasers of common stock of St. Jude Medical, Inc. that the company failed to disclose problems with leads it made for implantable cardiac defibrillators.

We are especially proud of the results our firm has obtained for institutional investors. We have successfully represented numerous state pension funds managing billions of dollars in assets. Among them are the Minnesota State Board of Investment, Utah State Retirement Board, Teachers' Retirement System of Alabama, Employees' Retirement System of Alabama, Judicial Retirement Fund of Alabama and Public Employees' Retirement Association of Colorado, as well as a number of Taft-Hartley health, welfare and pension funds.

### **Consumer Protection**

Heins Mills has represented consumers injured by violations of a wide variety of deceptive trade practices and consumer protection laws. The firm has brought claims on behalf of all types of consumers, including purchasers of prescription drugs, long distance telephone service, air compressors, smoke detectors, lawn mower engines and hearing aids. Examples of our consumer law cases include:

- ***In Re: Target Corporation Customer Data Security Breach Litig., MDL No. 2522 (PAM/JJK) (D. Minn.)***. We serve as lead counsel for consumers of Target stores across the country victimized by one of the largest breaches of payment-card security in U.S. retail history. Our legal theories and complaint in this case surmounted a motion to dismiss, as of that time a rare victory in these cases, and now serve as models for plaintiff's counsel in other data breach litigation, which has been increasingly successful. On February 1, 2017, the Eighth Circuit remanded the case to the district court for further analysis of the issue of whether class certification is proper.
- ***In re The Home Depot, Inc., Customer Data Security Breach Litig., No.: MDL No. 2583-TWT (N.D. Ga.)***. In this case, another one of the largest payment card security breaches in U.S. history, we serve as a member of the Financial Institutions Plaintiffs' Steering Committee and Law & Briefing Committee. On May 17, 2016, after our firm shouldered principal responsibility for briefing for the class, the court largely denied Home Depot's motion to dismiss the complaint, allowing all of plaintiffs' claims except for two state consumer statutory claims to proceed. We continue to prosecute the action to recover significant losses incurred by payment card issuers, who have borne most of the financial losses caused by fraudulent charges on the cards of Home Depot customers and the need to cancel and reissue cards.
- ***In re Fiber Optic Cable Litig. (multiple jurisdictions)***. We serve as co-lead counsel in multi-state litigation against major telecommunications

companies and utilities to vindicate the rights of landowners whose property was used for the installation of fiber optic cable without compensation. In that capacity we participated in fashioning an innovative global settlement that comprises separate agreements on a state-by-state basis. To date there have been settlements in 42 states in a total amount of nearly \$150 million.

- ***In re Universal Service Fund Telephone Billing Practices Litigation, MDL No. 1468 (D. Kan.)***. We were one of three co-lead counsel representing business and residential customers nationwide alleging a conspiracy to fix USF surcharges and breach of contract claims against long-distance telephone companies. The November 2008 trial resulted in a verdict for the class, which was affirmed on appeal.
- ***In re Lawnmower Engines Horsepower Marketing & Sales Practices Litig., MDL No. 1999 (E.D. Wis.)***. We represented classes of consumers nationwide in this nationwide class action alleging consumer fraud, civil conspiracy and unjust enrichment claims against manufacturers of lawnmowers and lawnmower engines. Heins Mills' leadership resulted in settlements with all defendants.
- We were co-lead counsel for classes of consumers asserting price-fixing against infant formula manufacturers in separate actions venued in seventeen states. Collectively, the cases were settled for \$64 million in cash and infant formula products.

### **Judicial Recognition of Heins Mills & Olson's Skill and Effectiveness**

Among judges, clients and peers, Heins Mills enjoys a reputation for its aggressive and skillful advocacy in class litigation of national and international import.

The following are examples of praise we have received from the bench:

- The judge presiding over the multidistrict litigation in ***In re Monosodium Glutamate Antitrust Litigation***, the Hon. Paul A. Magnuson, said of our work as co-lead counsel: "I'll make no bones about this, I think this is as fine a job of plaintiff lawyering as I've ever seen, . . . I particularly take my hat off to the plaintiffs' counsel here."
- The presiding judge in ***AOL Time Warner***, the Hon. Shirley W. Kram, complimented our firm for its "exceptional lawyering in this case" and added that she "continues to be impressed with the quality of representation provided by [Heins Mills & Olson], its prosecution of the lawsuit, and its negotiation of the Settlement." She added, "Not only do the parties dispute the amount of damages sustained by the Class, they continue to dispute the very existence of damages. In light of this fundamental disagreement, the \$2.65 billion Settlement secured by Plaintiffs is all the more impressive."
- The judge who approved the ***Broadcom*** settlement, the Hon. Dickran Tevrizian, described it as "an exceptional result given the complexity of the case, and despite keenly contested and very complex facts. . . . Class Counsel's ability to obtain a favorable settlement despite formidable opposition confirms their immense skill."

### **Recent Accolades**

During recent years, our firm and its lawyers have continued to earn awards recognizing our superior ability and achievements.

- Renae Steiner and her co-counsel in *O'Bannon v. NCAA* received the American Antitrust Institute 2015 Antitrust Enforcement Award for Outstanding Antitrust Litigation Achievement in Private Practice.
- Sam Heins, a co-founder of Heins Mills and until recently of counsel to the firm, was nominated by President Barack Obama to be the U.S. ambassador to Norway. The nomination received confirmation by the Senate on February 12, 2016.
- Vince Esades, Renae Steiner and James Anderson were again named Top-Rated Antitrust Litigation Lawyers in the current edition of Thomson Reuters' Super Lawyers, a rating service of outstanding lawyers who have attained a high degree of peer recognition and professional achievement. The selection process is multi-phased and includes independent research, peer nominations and peer evaluations.
- The 2016 edition of *The Legal 500 US*, which ranks "the best of the best" law firms in the country based on comments from clients and peers, again placed Heins Mills in the highest tier of leading firms in antitrust class action litigation. The firm is one of only five to receive top ranking. As *The Legal 500 US* notes, Heins Mills "has 'top-level skill across the board with a deep bench' and is 'comprised of excellent attorneys, many of whom are highly experienced and all

of whom provide superlative customer service.” The publication also acknowledged Vincent Esades, Renae Steiner and David Woodward individually as top litigators in the field.
